

Yun-Ju (Claire) Chen

Department of Psychiatry and Behavioural Neurosciences, McMaster University

Email: cheny793@mcmaster.ca / chenyunj@usc.edu Personal Website: www.yunjchen.com

Employment

2021-Current **Postdoctoral Research Fellow**, Offord Centre for Child Studies, McMaster University, Canada (Advisor: Dr. Stelios Georgiades)

Education

- 2021 **Ph.D. in Occupational Science**, University of Southern California, USA
Dissertation: *Developmental trajectories of sensory patterns in young children with and without Autism: A longitudinal population-based study from infancy to school age* (Advisor: Dr. Grace T. Baranek)
- 2012 **M.S. in Medical Sciences**, Keio University, Japan
Thesis: *Impact of stimuli with audiovisual synchrony on attention triggering effects in individuals with autism spectrum disorders* (Advisor: Dr. Motoichiro Kato)
- 2009 **B.S. in Occupational Therapy**, National Taiwan University, Taiwan
(2008-2009 NTU Exchange Student Program at Waseda University, Japan)

Awards & Honors

- 2023 McMaster Autism Research Team Trainee Award (\$500 CAD)
- 2023 Society for Research in Child Development (SRCD) Early Career Interdisciplinary Scholars Fellow
- 2021 Elizabeth June Yerxa Award for Excellence in Research Distinction (University of Southern California)
- 2020 Dr. Zemke Scholarship in Occupational Science (\$5,000 USD)
- 2020 International Society for Autism Research (INSAR) Student Travel Award (\$500 USD)
- 2016-2018 Fulbright Graduate Study Grant (\$45,000 USD/yr)
- 2011 Social Neuroscience Conference Travel Award (National Institute for Physiological Sciences, Japan)
- 2011-2012 Keio University Graduate Student Scholarship (Japan; \$580 USD)
- 2010-2012 Moritani Foundation Scholarship (Japan; \$11,610 USD/yr)
- 2010-2011 Hakumon Foundation Scholarship (Japan; \$2,320 USD)
- 2008-2009 Ministry of Education Scholarship for Exchange Students (Taiwan; \$5,325 USD)

Grants

- 2022-2025 **Transforming Autism Care Consortium (TACC) Early-Career Fellowship (\$54,000 CAD), PI:** *A transdiagnostic investigation of co-occurring health conditions in autism among the Canadian Health Survey of Children and Youth cohort: Age-varying patterns and functional impact* (Advisors: Eric Duku, Katholiki Georgiades, Stelios Georgiades, & Meng-Chuan Lai)
- 2022-2027 **Canadian Institutes for Health Research (CIHR) Project Grant (\$1,147,500 CAD), Co-I (PI: Georgiades S, Singal D, & Zwaigenbaum L):** *Pediatric Autism Research Cohort (PARC): A patient-oriented prospective study examining trajectories of functioning in Canadian children with autism*
- 2019-2020 **Organization for Autism Research (OAR) Graduate Research Grant (\$2,000 USD), PI:** *Developmental trajectories of sensory features and later functional outcomes in ASD: A longitudinal subtyping study from infancy to school age* (Advisor: Grace T. Baranek)

Research Experience

- 2022-Current Impact of COVID-19 on the mental health and well-being of children and family in Ontario (ON:PATH)**
- PI: Dr. Katholiki Georgiades, Advancing Youth Mental Health (AYM) Research Team, McMaster University
 - Provincial population-based longitudinal study tracking mental health of children/youth and their families during COVID-19 – longitudinal & epidemiological data analyses
- 2021-Current Developmental trajectories of stakeholder-informed outcomes in autism (Pediatric Autism Research Cohort, PARC)**
- PI: Dr. Stelios Georgiades, McMaster Autism Research Team (MacART), Canada
 - Large-scale cross-site inception cohort of autistic children – longitudinal behavioral data analyses for improving practice and informing policy development
- 2017-2021 Early detection and intervention for autism among culturally diverse populations in Los Angeles**
- PI: Dr. Grace Baranek, Innovations in Neurodevelopmental Sensory Processing Research (inspire) Lab, University of Southern California
 - Population-based longitudinal data collection/management, measurement validation and cross-cultural adaptations, clinical assessment (sensory)
- 2016-2021 Early level-1 screening of autism: First Years Inventory (North Carolina Child Development Survey, NCCDS)**
- PI: Drs. Grace Baranek, Linda Watson, & Elizabeth Crais, Early Autism Research, Leadership & Service (PEARLS), UNC-Chapel Hill
 - Population-based longitudinal data collection/management, data analysis & measurement development/psychometrics
- 2012–2013 Neurophysiological markers of social affect for autism at infancy**
- PI: Dr. Yawei Cheng, Social Neuroscience Lab, National Yang-Ming University, Taiwan
 - EEG/ERP data collection (Neuroscan) & analysis (Matlab), clinical assessment (ADI-R) for infants at elevated likelihood for autism
- 2010-2012 Audiovisual face/gaze processing in adults with autism**
- PI: Dr. Motoichiro Kato, School of Medicine, Keio University, Japan
 - Experimental paradigm design/setup & data collection/analysis

Clinical Experience

Licensed Occupational Therapist (Taiwan)

- 2013-2014** Pediatric occupational therapist, Kang-Jian Rehabilitation Clinic, Taiwan
- 2013-2014** School-based occupational therapist, Special Education School System of New Taipei City, Taiwan
- 2007-2008** Occupational therapist internship (pediatrics, psychiatry, & physical rehabilitation)

Selected Additional Training

- 2023** Quantitative meta-analysis, Curran-Bauer Analytics (remote)
- 2020-2022** Advanced quantitative methods (structural equation modeling, longitudinal data analysis), Curran-Bauer Analytics (remote)
- 2018-2019** Sensory Processing Assessment (SPA) approved assessor (Trainer: Dr. Grace T. Baranek)
- 2018 Fall** Biosemi EEG/body movement data collection, USC, CA (Trainer: Dr. Beth Smith)
- 2018/11** EEGLAB Workshop, Swartz Center for Computational Neuroscience, UCSD, CA
- 2013 Spring** Applied Behavioral Analysis (ABA) training program, Taiwan Association for

Behavioral Analysis, Taiwan
 2012/04 ADI-R training, Japan (Trainer: Dr. Catherine Lord)
 2011-2012 RIKEN Brain Science Institute graduate student training program, Japan

Teaching Experience

2014-2015 Visiting Lecturer, Bennett College (historically black liberal arts college), NC

Publications

Peer-Reviewed Journal Articles

1. **Chen YJ**, Duku E, Szatmari P, Salt M, Smith IM, Richard A, Zwaigenbaum L, ..., & Georgiades S (2023). Trajectories of adaptive functioning from early childhood to adolescence in Autism: Identifying turning points and key correlates of chronogeneity. *JCPP Advances*, e12212. doi: [10.1002/jcv2.12212](https://doi.org/10.1002/jcv2.12212)

Manuscripts In Preparation/Under Review

1. Kata A, McPhee PG, **Chen YJ**, Zwaigenbaum L, ..., & Georgiades S (in prep). The Pediatric Autism Research Cohort (PARC) Study: Protocol for a patient-oriented prospective study examining trajectories of functioning in autistic children.
2. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (in prep). Developmental impacts of early sensory features on school-age adaptive, maladaptive, and participation outcomes in autistic and non-autistic children.

Conference Presentations

Submitted

1. **Chen YJ**, Frazier T, Duku E, Szatmari P, ..., & Georgiades S. Longitudinal domain-specific associations between parent-reported autistic traits and co-occurring psychopathology in autistic boys and girls. *INSAR Annual Meeting; Melbourne, Australia*.
2. **Chen YJ**, Lai MC, Georgiades S, Duku E, ..., & Georgiades K. Age- and sex-varying incidence patterns of co-occurring mental health and neurodevelopmental conditions in autistic children and adolescents: Evidence from a nationally representative sample in Canada. *INSAR Annual Meeting; Melbourne, Australia*.

Panel/Oral Presentations

1. **Chen YJ**, Miller R, Cost K, Edwards J, Nolan E, & Georgiades K (2023). Longitudinal changes in child and youth mental health symptoms during distinct phases of the COVID-19 pandemic. *Canadian Academy of Psychiatric Epidemiology Annual Meeting; Vancouver, BC*.
2. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2023). The developmental impacts of sensory features on school-age functional outcomes in autistic and non-autistic children. Panel on "Individual Variability in Sensory Processing and Developmental Links to Autism: Interdisciplinary Findings from Infancy to Adulthood" at: *INSAR Annual Meeting; Stockholm, Sweden*.
3. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2022). Do toddlers' age and sex impact parental reports of early signs of autism spectrum disorder? A moderated nonlinear factor analysis. *International Congress of Infant Studies Biannual Meeting; Ottawa, ON*.
4. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2022). Early developmental profiles of sensory patterns in a community sample: Associations with later autistic traits and adaptive functioning. *INSAR Annual Meeting; Austin, TX*.
5. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2021). Developmental trajectories of sensory patterns from infancy to school age in children with ASD and non-ASD conditions. *INSAR Annual Meeting; Virtual*.
6. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2020). Early screening for autism: Analytic approaches to assessing psychometric validity and phenotypic variability. Panel on "Challenges and Innovations in Screening Infants for Markers of Autism Spectrum Disorder" with Drs. Watson LR & Talbott M at: *Conference on Research Innovations in Early Intervention; San Diego, CA*.
7. **Chen YJ**, Konishi M, Saito F, Akiyama T, & Kato M (2011). The impact of stimuli with audiovisual synchrony on attention triggering effects. *Social Neuroscience Conference at National Institute for Physiological Science; Okazaki, Japan*.

Poster Presentations (First-Authored)

1. **Chen YJ**, Duku E, Szatmari P, Smith IM, Zwaigenbaum L, ..., & Georgiades S (2023). Correlates and turning points of adaptive functioning trajectories and longitudinal associations with autism symptoms from early childhood to adolescence. *INSAR Annual Meeting; Stockholm, Sweden*.
2. **Chen YJ**, Duku E, Zaidman-Zait A, Szatmari P, Smith IM, Ungar WJ, ..., & Georgiades S (2023). Daily activity participation across settings in autistic youth: Individual variability and temporal stability. *INSAR Annual Meeting; Stockholm, Sweden*.
3. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2020). A latent profile analysis of infants' sensory, motor, and social communication risk on the First Years Inventory and age-3 outcomes in a community sample. *INSAR Annual Meeting; Virtual*.
4. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2020). Prevalence and differentiating patterns of sensory symptoms among 3-year-olds with and without ASD. *Annual Gatlinburg Conference; San Diego, CA (Canceled)*.
5. **Chen YJ**, Sideris J, Watson LR, Crais ER, & Baranek GT (2019). First Years Inventory: Examining measurement invariance across age, sex, and prematurity status. *INSAR Annual Meeting; Montreal, QC*.
6. **Chen YJ**, Sideris J, & Baranek GT (2019). Potential use of First Years Inventory to differentiate autism spectrum disorder from other developmental delays within the first two years of life. *American Occupational Therapy Association (AOTA) Annual Conference; New Orleans, LA*.
7. **Chen YJ**, Harrop C, Sabatos-DeVito M, Bulluck J, & Baranek GT (2018). Patterns of attention to non-social stimuli in children with autism spectrum disorder. *INSAR Annual Meeting; Rotterdam, Netherlands*.
8. **Chen YJ**, Sideris J, Watson LR, & Baranek GT (2018). Sensory-regulatory functioning as an important aspect of early identification of autism spectrum disorder. *Conference on Research Innovations in Early Intervention; San Diego, CA*.
9. **Chen YJ**, Sideris J, Watson LR, Crais ER, Turner-Brown L, & Baranek GT (2018). Validation of FYI-Lite as a short screening tool for infants at risk for autism. *AOTA Annual Conference; Salt Lake City, UT*.
10. **Chen YJ**, Davis VL, Watson LR, Crais ER, Turner-Brown L, Bulluck J, Zhang W, Faldowski R, & Baranek GT (2017). Examination of developmental sensitivity of items on the revised First Years Inventory screener for infants at risk for a later diagnosis of autism spectrum disorder. *INSAR Annual Meeting; San Francisco, CA*.
11. **Chen YJ**, Lee SY, & Cheng Y (2013). Emotional mismatch negativity as a potential neurophysiological biomarker for autism spectrum disorder. *Organization for Human Brain Mapping; Seattle, WA*.

Invited Talks

1. **Chen YJ** (Dec 2022). Tracking early sensory differences in autism: Developmental variability and cascades. *McMaster Developmental Pediatrics Academic Hour, Hamilton, ON*.
2. **Chen YJ** (Oct 2022). Sensory patterns and autistic traits: What are the implications? (conversations with Dr. Sarah Schoen). *2022 STAR Institute Sensory Symposium, Denver, CO*.
3. **Chen YJ** & Baranek GT (Jul 2022). Sensory features in autism (broadcast interview with Dr. Michael Romas). *DDI on Autism, Long Island News Radio, NY*.
4. **Chen YJ** (Apr 2022). Autism across the lifespan: Conceptual issues and analytic strategies. *Offord Centre for Child Studies Lunch and Learn, Hamilton, ON*.
5. **Chen YJ**. Prevalence and differentiating patterns of sensory features among 3-year-olds and 6-year-olds with and without ASD (Mar 2021). *USC OT564: Sensory Integration, Los Angeles, CA*.

Teaching Experience

Seminar facilitator (Fall 2023 McMaster University Occupational Therapy Program):

- OCCUPTH 744 Complexities of Practice I: Enhancing Evidence-based Practice Skills

Graduate research supervision:

- Amanda Assi (Neuroscience, McMaster University; 2022-2023)
- Areeba Sharafuddin (Neuroscience, McMaster University; 2022-2023)

Undergraduate research supervision:

- Christopher Smolej (Arts & Science, McMaster University; 2023-present)
- Elysa Eliopoulos (Psychology, McMaster University; 2022-2023)

Professional Service

Ad hoc reviewer of the following journals (2021-current):

- American Journal on Intellectual and Developmental Disabilities
- Autism (*recognized as top 20% of the reviewers in 2022*)
- Autism Research
- BMC Psychiatry
- Child Psychiatry & Human Development
- Developmental Medicine & Child Neurology
- JCPP Advances
- Journal of Autism and Developmental Disorders
- Journal of Neurodevelopmental Disorders
- Molecular Autism
- Research in Autism Spectrum Disorders
- Scientific Reports

Abstract reviewer of the following conference(s):

- Society for Research in Child Development Biennial Meeting

Professional Affiliations

International Society for Autism Research (2017-present)

Society for the Study of Occupation (2020-2022)

International Congress of Infant Studies (2021-2022)

Society for Research in Child Development (2022-present)

American Psychological Association (2022-present)

Skills

<i>Languages</i>	Mandarin Chinese (native), English (fluent), Japanese (fluent/N1), Spanish (intermediate/B1)
<i>Programming</i>	R, Python, MATLAB
<i>Statistical Software</i>	R, Mplus, Stata, SAS, SPSS
<i>Analytic Techniques</i>	Regression, mediation, moderation, structural equation modeling, multi-level modeling, latent curve modeling, mixture modeling, psychometrics (factor analyses, item response theory)
